Aims

- Understanding the origins of the Lunar New Year
- Understanding the customs and characteristics of the Lunar New Year
- experiencing the festive atmosphere of the holiday through celebration activities

Overview

Lunar New Year is one of the most festive traditional holidays of China. Our school provides various activities for children to experience the lively atmosphere of the Lunar New Year, including inviting parents and children to design red pockets together, writing couplets, spring cleaning, participating in group worship activities, and more. Through these activities, children can share joyful moments and blessings with others, gaining an understanding of Chinese traditional holidays and culture.

On 28th day of the lunar new year, teachers and children follow the tradition by working together to clean their homes (activity rooms). This includes wiping tables, chairs, and bookshelves, allowing children to understand the meaning of become a new year and the importance of caring for the cleanliness of the school campus environment

Principal and teachers demonstrate writing couplets to children, helping them understand the four treasures of Chinese calligraphy and the significance of writing couplets for the Lunar New Year, thus introducing them to more auspicious greetings.

Our staff and children dress in traditional Chinese attire to visit others to exchange New Year greetings and blessings. Additionally, on 15th day of the Lunar New Year, the President and members of the Lions Club of South Kowloon Hong Kong visit the school to participate in the festive activities. Children perform lion dances to celebrate, everyone exchanges well wishes, and they all enjoy the joyful and lively atmosphere of the holiday season.
